5. PUBLIC HEARING

A. Cheney Line Infrastructure and Alignment Plan

Mr. Otterstrom informed the board about the project objective to foster greater ridership in Cheney and the West Plains, to support regional economic development and access to jobs and services. He provided background that included information on budget, Regional Mobility Grant, I-976, and public outreach. He informed the open house was hosted by staff on February 13 and the online survey was performed between February 13 and March 13, 2020, with 250 total responses. Based on feedback and preliminary survey results, staff prepared a final draft of the Cheney Line Infrastructure and Alignment Plan.

He shared the proposed general scope to include Improvements at Four Lakes, Jefferson Lot Park and Ride, West Plains Transit Center, and EWU Pence Union Building (PUB); upgrade approximately 15 existing stops with shelters, lighting, real-time, and accessibility; distinctive wayfinding with HPT branded elements at all stops; and the purchase 7 double decker buses for increased capacity for a total budget of \$12.97M (Local \$6.36M; State \$6.33M, Federal \$280K)

Mr. Otterstrom detailed the alignment recommendations and the conceptual Cheney service. He also reviewed the infrastructure recommendations and the evaluation of advantages and disadvantages for the proposed double decker coaches recommended for this corridor,

Next steps include incorporating feedback from the survey and public hearing March 19<sup>th</sup> through April 1<sup>st</sup>; a Committee Review and Recommendation: Final Plan on April 1<sup>st</sup>; and Board Action for the Final Corridor plan on April 16, 2020. He reviewed the project schedule.

Ms. Haley opened the public hearing at 1:48 p.m.

Ms. Haley asked three times for comments from the public.

Hearing none, she closed the public hearing at 1:49 pm

6. EXECUTIVE SESSION

At 1:50 p.m., Ms. McAloon announced that the STA Board of Directors will adjourn to an executive session for the following purpose:

1. To discuss with legal counsel representing STA on litigation or potential litigation to which STA, the governing body, or a member acting in an official capacity are, or are likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.
2. Discussing, planning or adopting the strategy or position to be taken by the STA Board of Directors during the course of ongoing collective bargaining.

The STA Board of Directors will reconvene in open session at approximately 2:10 p.m. If it becomes necessary to extend the executive session, legal counsel or a member of staff will return to announce the time at which the STA Board will reconvene. Any action to be taken as a result of the discussion will occur in the open public session.

At 2:10 the Board reconvened and acting Chair Haley declared the meeting back in public session.

*Chair Haley recognized Ms. Haley’s attendance via the telephone.*

- 10. BOARD OPERATIONS COMMITTEE:

- A. Chair’s Report - none

- 11. PLANNING & DEVELOPMENT COMMITTEE:

- A. Chair’s Report

Mr. Grover gave a review of the Planning and Development Committee meeting, noting most items were covered under Consent Agenda today. The committee approved the High-Performance Transit (HPT) amenities fabrication scope of work and authorized staff to release a Request for Proposals, with an estimated cost of \$11,250,000. They discussed the 2020 TDP mid-range guidance, the alternate fuel strategy and reviewed the draft SRTC 2020/2021 Unified Planning Work Program and major updated Scope of Work for Connect Spokane. The committee discussed the Division Street Corridor Study and reviewed the Cheney Infrastructure and Alignment Plan.

- 12. PERFORMANCE MONITORING & EXTERNAL RELATIONS COMMITTEE:

- A. Chair’s Report

In Ms. Kinnear’s absence, Mr. Kerns noted the items covered at the committee meeting, which included a legislative update. Consent agenda items included Paratransit ridership and Performance Measures. Mr. Kerns highlighted three items in member folders that were on the agenda for review – the Year End 2019 Performance Measures, 2019 Unaudited Financial Report, and the Community Perception Survey Results. He advised staff would be available for questions.

13. CEO REPORT

- Ms. Meyer reviewed February ridership:
  - Fixed Route ridership increased 5%; increased 2.5% in Average Weekday Ridership and was up 1.8% year-to-date. On time performance was 94%.
  - Paratransit ridership increased 11.4% over 2019 February and 3.4% year-to-date. On time performance was 96%.
  - Vanpool realized a 1.3% increase over February 2019 and a decline of 4% year-to-date. Of note, there is one new vanpool group going to Coulee Dam.
- Sales tax for February was 20.4% over February 2019, 19.9% year-to-date above 2019 actual and 4.9% year-to-date above budget.
- Operating expenditures through January (8.3% of the year) were \$8.8M which represented 7.9% of budget.
- Ms. Meyer reviewed the timeline of the President's Declaration and the Governor's Proclamation regarding Coronavirus / COVID-19.

STA's initial response included equipping employees with personal protective equipment (PPE) (gloves, hand sanitizer, disinfecting wipes), increased disinfecting of vehicles and facilities, and information shared with employees, riders, and the public.

Ms. Meyer illustrated the communication by STA via email and in the form of pamphlets, handouts, newsletters, weekly summaries, signage at the Plaza and on buses, and social media posts and videos. She thanked STA's communications team for producing all the information in such a timely manner. She thanked all employees and said it is really an "all hands-on deck" team effort here at STA.

STA's ongoing response includes involvement with Greater Spokane Emergency Management (GSEM) and Spokane Regional Health District (SRHD), closure of waiting areas and public seating inside the Plaza. Customer Service and restrooms are still open, schedules and real-time information are available, Subway and Pizza Rita are open for take-out and Joe's Mini-Mart is open. Metro PCS closed.

Operating Notices were issued reinforcing CDC's guidelines on buses; social distancing and covering your mouth when coughing, as well as the operator's ability to enforce the CDC guidance on the buses. A teleworking plan will be completed in this week

Regarding protective masks, Ms. Meyer advised that STA will be offering masks to Operators who want to use them.

Fixed Route ridership is down an average of 30% and is currently at 50% reduction in ridership and growing. This allows STA to provide essential transportation to people in need and still accomplish social distancing.

Paratransit has declined quickly. Providence Adult Day Health cancelled 700 trips following the President's proclamation.

STA will receive applications for Paratransit eligibility and allow conditional eligibility to provide the most service possible. The Mobility Training Center on the 2nd floor of the Plaza is closed.

She described the 5 basic Fixed Route bus levels of service at STA. Level 1 is regular service; Level 2 is what we are operating now which is the same as when EWU is out of school. Level 3 eliminates the express routes, Level 4 is the same as Saturday service and

Level 5 is enhanced holiday service level. She reviewed the future levels of service based on unplanned absenteeism and STA's ability to operate.

Ms. Meyer reviewed resources for employees through STA and State sources. The Federal Families First Coronavirus Response Act Emergency Paid Sick Leave signed by the President offers employees 80 hours if affected themselves and a percentage of pay for care of others affected. STA has solid resources and benefits, but this is the added security. Ms. Meyer said the requirement that the President signed provides pay for taking care of a child whose school or childcare provider is closed or unavailable for reasons related to COVID-19. She mentioned that STA employees have been at work and there have been no attendance problems, for which she is grateful. All this leave adds up to a safety net for employees. STA doesn't want them to come to work if they are sick.

Mr. Blaska highlighted that executive staff have met with union leadership twice and agree that we all share the goal to balance the public's need to provide this essential service with the need to take care of our employees.

Ms. Bowers commented that the union have been involved. She said, "Our members understand this is a difficult time for everyone. We are concerned about being in close proximity to people who ride. We appreciate that you understand. I want to include; I have been thanked every day by our passengers."

Ms. Wilkerson asked if STA will be looking into the impact of this additional leave and Ms. Meyer replied that CFO Monique Liard has already begun the analysis.

Ms. Mumm asked for budget and financial projections.

## BOARD MEETING OF

April 16, 2020

**AGENDA ITEM 4A :** CITY LINE: ACQUISITION OF REAL ESTATE AND TEMPORARY CONSTRUCTION EASEMENT

**REFERRAL COMMITTEE:** N/A

**SUBMITTED BY:** Karl Otterstrom, Director of Planning and Development  
Dan Wells, Deputy Director of Capital Development

---

**SUMMARY:** The City Line project will require the acquisition of several small slivers of parcels and temporary construction easements (TCEs) for the construction of station platforms and street improvement projects. STA has been in contact with all the property owners regarding these acquisitions and easements, and all are willing partners.

On May 16, 2019, the STA Board of Directors approved Resolution 770-19, which authorized the acquisition of all parcels and easements, by any means necessary, for the Central City Line. Attached is one (1) property acquisition and (1) temporary construction easement (TCE) for Board consideration and approval.

The subject acquisition is of 5,392 sq. ft. of real estate located along west side of Cincinnati Street north of Spokane Falls Boulevard and south of the Centennial Trail. The property is necessary for the construction of a new cul-de-sac required by the City of Spokane to replace the existing cul-de-sac due to the station location. The property is owned by The Corporation of Gonzaga University, parcel no. 35175.0410. The current use of the property is a parking lot, driveway approaches and landscaping. In order to construct the future street improvements, driveway approaches, drainage facilities, landscaping and City Line station at this location, the acquisition of this property is necessary. The property value was determined by an appraisal. STA presented Gonzaga with an offer of \$82,220.38 based on the appraised value. Gonzaga believed the offer to be low and responded with a counteroffer of \$166,381.69. In addition, improvements, consisting of landscaping and sidewalk improvements were not included in the initial appraisal, and so, an additional \$46,473.90 value has been included in the agreed upon offer with the owner. The offer provided by Gonzaga is higher than STA's appraised value however, it is recommended that the increase in the offer amount be approved as it is in the public interest to settle with the property owner since the proposed land values are within the range of values discussed in the appraisal. Resolving this acquisition will arrive at a timely settlement which avoids costly and time-consuming litigation. **STA and Gonzaga agreed to a total value of \$212,855.59.**

The TCE is located west of the acquisition area identified above and allows for the construction of the cul-de-sac, sidewalk and driveway approach improvements. The property is owned by The Corporation of Gonzaga University, parcel no. 35175.0410. The current use of the property is a parking lot, driveway approaches and landscaping. In order to construct the required improvements at this location, a construction easement of approximately 4,704 square feet is necessary. The easement area consists of an existing parking lot, sidewalk, driveway approaches, and landscaping. The property value has been determined by an appraisal. STA presented Gonzaga with an offer of \$7,323.00. Gonzaga believed the offer to be low and responded with a counteroffer of \$14,809.00. The offer provided by Gonzaga is higher

than STA's appraised value however, it is recommended that the increase in the offer amount be approved as it is in the public interest to settle with the property owner since the proposed land values are within the range of values discussed in the appraisal. Resolving this acquisition will arrive at a timely settlement which avoids costly and time-consuming litigation. **STA and Gonzaga agreed to the value of \$14,809.00.**

Funding for this easement and property acquisition will be provided by the City Line project budget.

**RECOMMENDATION TO THE BOARD:** Recommendation by staff is to approve, by motion, the following two (2) actions, as listed.

1. The acquisition of a portion of parcel no. 35175.0410 along the west side of Cincinnati Street, north of Spokane Falls Boulevard and south of the Centennial Trail, owned by The Corporation of Gonzaga University for the amount of \$212,855.59, and authorize the CEO to execute all necessary documents on behalf of Spokane Transit Authority.
2. The acquisition of a Temporary Construction Easement on parcel no. 35175.0410 along the west side of Cincinnati Street, north of Spokane Falls Boulevard and south of the Centennial Trail, owned by The Corporation of Gonzaga University for the amount of \$14,809.00, and authorize the CEO to execute all necessary documents on behalf of Spokane Transit Authority.

**AGENDA ITEM 4B :** CITY LINE: AWARD OF CONTRACT FOR TEN, 60' BATTERY ELECTRIC BUSES

**REFERRAL COMMITTEE:** N/A

**SUBMITTED BY:** Steve Blaska, Chief Operations Officer  
Ralph Wilder, Senior Vehicle Maintenance & Facilities Manager

**SUMMARY:** In accordance with Spokane Transit's (STA), Moving Forward project City Line, STA plans to order ten (10) 60' Battery Electric Buses this year. The vehicles slated for purchase will be delivered in 2021 to meet the STA commitment of Battery Electric Buses for City Line service in 2022. The Small Starts Grant has approved \$18,197,000.00 for the purchase of buses.

These buses will be purchased through the Commonwealth of Virginia Contract E194-81688. Purchasing from the Commonwealth of Virginia Contract ensures competitive pricing and saves significant time over the development of specifications, release of a request for proposals, and the awarding of a contract.

The City Line requires ten (10) Battery Electric Buses for the complete electrification of service. Staff recommends purchasing the ten (10) Battery Electric Buses from New Flyer Industries. The decision to purchase the New Flyer Xcelsior Charge model is a result of the recommendation from the Center for Transportation and the Environment (CTE) modeling for the City Line service study. The first bus is scheduled to be delivered in Q1 or Q2, 2021 with testing to be done before the delivery of the remaining nine (9) buses in Q3/Q4, 2021. This will provide STA time for training and testing before CL service begins in 2022.

The cost to purchase a 2021- 60' Battery Electric Bus from New Flyer is \$1,261,683.46 delivered. This purchase qualifies for the State of Washington Tax exemption for zero emissions buses.

- The price does not include charging equipment.

The total below includes Maintenance and Purchasing staff travel to the manufacturing facility to conduct pre-production meetings, Buy America Audit and on-line inspections during production to ensure quality control and contract specification compliance.

Staff requests a 10% contingency budget due to unknown costs of changes identified during pre-production including mid-door docking engineering costs. The contingency also allows for purchase of spare components as determined appropriate during ongoing coordination with New Flyer.

Manufacturer	Price	Contingency	Total
New Flyer	\$12,616,834.60	\$1,261,683.46	\$13,878,518.06

**RECOMMENDATION TO BOARD:** Approve, by motion, the purchase of ten (10) 60-foot battery electric buses through the Commonwealth of Virginia Contract, from New Flyer Corporation, for the contract amount of \$13,878,518.06.

**AGENDA ITEM 4C :** ACCEPTANCE OF SPOKANE COUNTY EASEMENT FOR MORAN STATION PARK AND RIDE

**REFERRAL COMMITTEE:** N/A

**SUBMITTED BY:** Karl Otterstrom, Director of Planning and Development  
Dan Wells, Deputy Director of Capital Development  
Ryan Brodwater, Capital Projects Manager

---

**SUMMARY:** Moran Station Park and Ride is located at the northeast corner of the 57<sup>th</sup> Avenue and Palouse Highway intersection, which is adjacent to Spokane County's Ben Burr Trail. During concept design in mid-2017, STA staff explored the potential of a collaborative approach and discussed with County Public Works staff beginning in mid-2017. Both agencies recognized that a joint design would provide mutual benefit to transit and trail users. This agreement allows STA use of Spokane County property for stormwater treatment, storage, and disposal, while Spokane County trail users may access STA property for trailhead parking and use of amenities. This design was approved by Spokane County in July 2019, and construction began in August 2019. Construction has reached substantial completion and is in operation for revenue service as of March 29, 2020.

In order to finalize this joint use in perpetuity, staff and legal counsel have worked with Spokane County to negotiate a Stormwater Easement on the Ben Burr Trail right-of-way. This Easement will allow STA to continue treating, storing, and discharging stormwater in designated areas on county right-of-way. While the easement language has not been finalized by Spokane County, the terms will adhere to standard terms and will generally align with the conditions described above.

**RECOMMENDATION TO THE BOARD:** By motion, authorize the CEO to accept executed Stormwater Easement agreement from Spokane County.

**AGENDA ITEM 6A :** MARCH 2020 SALES TAX REVENUE

**REFERRAL COMMITTEE:** N/A

**SUBMITTED BY:** Monique Liard, Chief Financial Officer  
Tammy Johnston, Senior Financial Services Manager

---

**SUMMARY:** Attached is March 2020 voter-approved sales tax revenue information.

March sales tax revenue, which represents sales for January 2020, was:

28.1% over March 2019 actual  
22.2% YTD above 2019 actual  
6.9% YTD above budget

**RECOMMENDATION TO BOARD:** Information only.

## Sales Tax Revenue History-March 2020<sup>(1)</sup>

(1) Voter approved sales tax distributions lag two months after collection by the state. For example, collection of January taxable sales are distributed in March.

**AGENDA ITEM 6D : MAY 2020 SERVICE CHANGE SUMMARY**

**SUBMITTED BY:** Karl Otterstrom, Director of Planning and Development  
Kathleen Weinand, Principal Transit Planner

---

**SUMMARY:** STA continues to monitor the fixed-route system for opportunities to improve customer information, connectivity, reliability, and mobility. Per the Service Implementation Plan (SIP) contained in the adopted 2019 Transit Development Plan (TDP), STA will implement minor routing and schedule adjustments as needed in May of 2020.

The Communications and Public Input section of *Connect Spokane*, STA's Comprehensive Plan, authorizes the CEO to approve minor changes that do not result in significant modifications to existing routes, schedules or levels of service, and changes that do not meet the adopted threshold for holding a public hearing (less than 1.0% growth or reduction in revenue hours in any calendar year or less than .5% of annualized system ridership negatively impacted by loss of bus stop, trips or route at any given service change). The May 2020 service changes fall below these adopted thresholds.

The table below summarizes the service changes which will become effective May 17, 2020.

<b>ROUTE(S)</b>	<b>PLANNED ADJUSTMENT</b>	<b>RATIONALE</b>
22 Northeast Blvd	Weekday afternoon inbound timepoint adjustments.	Improve connections with the outbound Route 27 at the 5-Mile Park & Ride.
25 Division	Add a new early morning weekday outbound trip interlined from a new Route 633 Amazon Shuttle trip and a new inbound Route 64 trip.	Create more early morning connection opportunities for Amazon Fulfillment Center employees at the Plaza.
32 Trent/Montgomery	Modify weekend westbound weekend trips to arrive at SCC three minutes sooner.	Improve connections with westbound Route 33 trips.
33 Wellesley	Begin the weekday late AM bus sooner in the AM peak; Related timepoint adjustments.	Improve AM peak reliability and provide more recovery/ layover time at SCC.
60 Airport via Browne's Addition	New late weeknight inbound trip from Spokane International Airport (SIA).	Improve late night service from the SIA.
61 HWY 2 via Browne's Addition	Midday weekday inbound timepoint adjustments.	Improve reliability.
62 Medical Lake	Modify last inbound weeknight and Saturday trips to provide three extra minutes of run time; Modify one weekday inbound trip currently interlined with the Route 64 at West Plains Transit Center (WPTC).	Improve reliability; Provide a connection to Route 633 Amazon Shuttle
	New weekday early AM inbound trip and Saturday trips; Various minor timepoint and	

<b>ROUTE(S)</b>	<b>PLANNED ADJUSTMENT</b>	<b>RATIONALE</b>
64 Cheney/West Plains	interline changes weekdays and Saturdays; Convert one weekday Route 66 AM outbound trip to serve WPTC and renumber Route 64	Provide connections with the Route 633 Amazon Shuttle at WPTC.
66 EWU	Convert weekday outbound 6:35 AM trip to a Route 64 trip that serves WPTC.	Provide connections with the Route 633 Amazon Shuttle at WPTC.
90 Sprague	New weekday 6:50 PM outbound trip.	Address PM overloads by operating 15-minute service later.
97 South Valley	Weekend outbound timepoint adjustments.	Adjustments related to Route 32 changes as both routes are interlined at Mirabeau P&R.
341 SCC Connector	Discontinue route and re-allocate resources toward new Route 633 Amazon Shuttle.	The connector was meant to supplement frequency of the Route 34 on SCC school days; however, ridership has been very low.
342 Fair Shuttle	Provide shuttle service between the SCC Transit Center and the Spokane County Fairgrounds during the Spokane County Interstate Fair.	Provide connections to the Spokane County Interstate Fair as a mitigation measure for the Sept 2019 Route 34 routing changes.
633 Amazon Shuttle	Operate shuttle service from the West Plains Transit Center to the Amazon Fulfillment Center until construction on Geiger Blvd is complete and the facility can be served by the Route 63.	Provide interim service to Amazon employees. (projected to add 3,000 jobs).
